H. FRANK LAWRENCE IS COLLEGE COACH

COACHED SUCCESSFUL TEAMS LAST YEAR FOR M. H. S.

WAS ELECTED TODAY

Has Attended Illinois Coaching School During Summer Months—To Succeed E. A. Maynor

H. Frank Lawrence, Jr., who for the past year was coach director of athletics at Maryville High School, was elected to direct athletics at the Northwest Missouri State Teachers College here, President Uel W. Lamkin of the College announced this afternoon. He will succeed Eugene A. Maynor, who resigned last spring.

It was also announced by L. C. Cook president of the Maryville school board that Coach Lawrence had been relaesed from his contract to enable him to accept the offer as Bearcat mentor.

Coach Lawrence was chosen for the College job, not so much because of any prestige or reputation that he had as a player, but because of his ability to "deliver the goods" and to develop winning athletic teams.

This was well demonstrated by last years success in sports. The results are tabulated below.

Football—Champion of district, tied for second in Northwest Missouri.

Basketball—defeated by champions of the district 25 to 15 in by far the best game of the tournament as far as skill in basketball was shown. This same team, St. Joseph Central was runner-up in the state tourney.

Track—Won several relay and meet cups including the home meet. The relay team broke two records in running.

Coach Lawrence also had charge of selecting the tennis representatives of the high school, the girls doubles team won the Northwest Missouri honors.

Coach Lawrence, Jr., was elected an instructor in the Maryville High School public school system last summer. He was elected to have charge of the science department and in excess to this to be boys' coach. He was elected to take the place of Jesse Lyle who was hired earlier in the summer.

Mr. Lawrence is a graduate of Missouri Wesleyan College at Cameron and the year previous to accepting the Maryville position was coaching at McKendrie College in Illinois. He played football at Missouri Wesleyan and was a member of the team that won the state chamiponship in 1920. In addition to this he was also the member of the basketball, track and tennis team of Missouri Wesleyan College.

Last year he developed a near championship team from a squad of nine letter men. In addition to being an exceptional coach Mr. Lawrence is a great friend among the boys on the teams and well liked by all.

He has been attending the Illinois Coaching school this summer and making extensive study of the new plays and training rules.

H. FRANK LAWRENCE, JR.

H. Frank Lawrence, Jr., who has been elected to coach athletic teams at the State Teachers College, had a very successful year as mentor of Maryville High School athletic teams last year. He developed a first-class football team, and the local high school basketball and track squads were among the best in North Missouri.

Coach Lawrence is a graduate of Missouri Wesleyan College at Cameron, and was captain of the football team in 1920. He also won letters in basketball and tennis.

With seven letter men returning to the State Teachers College this year and a promising number of good material from Northwest Missouri high schools coming in, football prospects at the local College look very bright.

E. A. KENDALL IS A. R. C. LIFE SAVER

IS AWARDED CERTIFICATE FROM SOUTHWEST DIVISION.

TO START NEW ACTIVITY

Expects to Give Lessons in Life Saving Soon at the Aley Sanitary Swimming Pool.

E. A. Kendall, commander of the local post Veterans of Foreign Wars, has successfully passed an examination in life saving and is now a member of the Life Saving Corps of the American Red Cross, just recently receiving his certificate. Mr. Kendall, who has been giving swimming instructions in the Aley Sanitary Swimming Pool, took his examination from Miss Helen Manley, life saving examing officer of the Southwest Division of the American Red Cross, St. Louis, in July.

With his certificate Mr. Kendall was given a beautiful badge and a red and white circular emblem, the latter which he is entitled to wear on his swimming suit. Mr. Kenadll said he really was surprised at the high score he made in the test because it requires great strength and endurance and some o fthe feats are diifficult to perform. He passed the examination with an exceedingly good standing.

A new activity of the Nodaway County Chapter of the Red Cross is expected to be soon organized now, since Mr. Kendall is an authorized life saver. It is hoped that classes in life saving can be started with Mr. Kendall in charge, giving instructions that will prove beneficial for taking the life saving test as required by the Red Cross. Although it is rather late in the season, the local pool can be used for such classes. If anyone is desirous of taking up the work they can get an idea of what they must be able to do to pass the examination from E. A. Kendall.

Catherine Green to Show Strokes

Demonstration Tonight at Aley Pool by an Expert Swimmer

Catherine Green of Spokane, Wash., will give an exhibition at the Aley Swimming Pool tonight. The exhibition will consist of various strokes and a demonstration in life saving work. Miss Green is an expert swimmer. Recently she swam four miles in the Twin Lakes of Washington without stopping.

The strokes which will be demonstrated and explained by Miss Green are as follows: American crawl, Australian crawl, English overarm side stroke, back crawl, frog and scissor kick, frog back kick, and various other ones.

St. Joe Firm Buys Lane Lumber Company

The Lane Lumber Co., on Wednesday of this week sold its lumber yard and business in Burlington Junction to the C. H. Nold Lumber Co., of St. Joseph. Possession will be given as soon as the invoice is completed.

The Nold people operate several yards in this section and have been on a deal for the Lane yard for some time. The name of the yard will be changed to the Burlington Junction Lumber Co.

W. G. Robbins, representing the buyers was here Wednesday to close the deal and stated that the company was not yet ready to announce who the manager of the new company would be.—Burlington Junction Post.

Mrs. Hugh Dempsey has been seriously ill for several days at her home eight miles southwest of Maryville.

DR. EAGLE MOVES TO NEW HAMPTON

CHANGE NECESSARY TO TAKE CARE OF WORK THERE

FEW CATTLE DISEASED

Only One Per Cent Tubercular—Gives Names of Cattle Owners on Accredited List

Dr. T. J. Eagle, United States Veterinarian, who has been conducting tubercular tests in cattle in the northwest counties of Missouri and who has made his home in Maryville since October, 1922, is leaving for New Hampton. This change in residence is necessary for Doctor Eagle to carry on his work among the herds of cattle breeders in that vicinity.

Dr. T. J. Eagle will continue to retest infected and accredited herds in Nodaway and Atchison counties, at intervals.

During his residence in Maryville, Dr. Eagle has made extensive tests in this section examining approximately 25,000 head of cattle. The tests he has made are state-federal, there also being many cattle tested by other veterinarians. From his tests a remarkably low percentage of re-actives have occurred, being only 1 per cent. Doctor Eagle gives a great amount of credit for such a good showing for the herds that have been tested to the hearty co-operation of the press, the farm bureau, the Health Department and especially to the farmers themselves.

The United States veterinarian advises the farmers not having had opportunity to have their cattle tested for tuberculosis on the state-federal plan to get in touch with a veterinarian and have it done, as it will be a benefit to the farmers to know that their cattle are free from disease and to increase the high percentage test in Nodaway County.

Doctor Eagle gives below the owners of herds that have had their cattle tested on the accredited plan in Nodaway County, if any are omitted they will be supplemented because the Doctor has given out the list without going into the records. They are as follows:

Shorthorns—T. H. Acklin, Graham; Bainum Bros., Sheridan; William Bainum, Sheridan; Bellows & Sons, Maryville; John Burch, Clearmont; O. E. Bradley, Elmo; F. E. Barber, J. W. and W. F. Pony Riders Start on Race to Coast Today

President Coolidge Touched Gold Telegraph Key at White House —Race to San Francisco On

Washington, Aug. 31 — President Coolidge, at 11 o'clock this morning, touched a gold telegraph key in the White House starting the pony express race from St. Joseph, Mo., to San Francisco.

The riders carried a letter from the President to Mayor Rolph of San Francisco. They are scheduled to arrive in San Francisco September 17.

The telegraph instrument which sped the first pony away on the long race was used by President Taft in opening the Alaskan-Yukon Pacific Exposition in 1909.

SCHOOLS PREPARING TO OPEN MONDAY

SCHOOL BUILDINGS AND GROUNDS BEING PUT IN SHAPE.

TEACHERS ANNOUNCED

Many are Attending Meeting Held in High School Auditorium Yesterday and Today.

All schools of Nodaway County open Monday morning.

Preparations are being made this week for the opening by getting the buildings in shape, supplies distributed and students ready for their school duties.

The teachers are attending the two-day meeting held in the High School auditorium yesterday and today. They are receiving final instructions from Leslie G. Somerville, county superintendent. The teachers are also obtaining supplies while in Maryville.

The Skidmore Consolidated Schools will open next Monday, with J. W. Pierce as Superintendent, for the sixth term. About forty-five registered last Monday for the high school and it is expected that there will be around seventy by the time school opens. This will make the high school class the largest in Skidmore for a number of years.

Union Star School Moved

The Union Star school is being moved to town to be used by the seventh and eighth grades so that the entire second and third floors of the main school building can be used for high schol work. Some of the blackboards in the main school building are being repaired and new hooks for wraps are being added in the hall and on the second floor. The Star building will be remodeled some, and placed north and east of the main building, and the pupils in the Star district will be furnished transportation as last year.

The high school faculty and grade teachers are as follows: J. W. Pierce, superintendent, Science, Agriculture and Algebra; Miss Bernice Snelling, Principal, Mathematics, Social Science and Music; Miss Edith Jenkins, Latin and English; Mrs.J. W. Pierce, Sewing and History and Penmanship. Grade teachers: Marvin Colwell, seventh and eighth; Mrs. Fred Peoples, fifth and sixth; Miss Maud Linville, third and fourth; Miss Lettie Rodman first and second. Marvin Caldwell will have charge of the boys athletics and Miss Jenkins will have charge of the girls.

The rural teachers are: Albright, Wilbur Williams; Liberty, Oto Riley; Scrub Oak, Homer Williams; Burr Oak, Miss Grace Norris; Mt. Vernon, Miss Iona Devers; Eureka, Miss Hermoine Hays; Goodwill, Miss Mildred Barrett.

Parnell Teachers Meet

The Parnell school will open Monday.

There will be a meeting of the teachers of the Parnell Consolidated School District, at the Parnell School House, Saturday, September 1, at 2 p. m.

All those that failed in the 8th grade examination will have chance to take this examination at the High School building in Parnell, at 9:00 o'clock Saturday morning.

The Ravenwood consolidated school will open Monday morning. The pupils of the Sweet Home, Gallagher, and Hickory Hill districts will be transported by the school busses into town. The Fryar and Diamond Branch districts will each maintain an eight month rural school this year.

The following teachers have been hired:

Superintendent, Harry B. Rutledge;

HAND WASHING AT TEACHERS' MEETING

PRACTICAL DEMONSTRATIONS ARE GIVEN TODAY

PROGRAM IS DIVIDED

Instructors Receive Many Useful Ideas at Meetings that Will be of Great Benefit

Hand washing and preparation of hot lunches were practical demonstrations illustrated to the grade school teachers this afternoon at the closing meeting of the annual school teachers' convention of Nodaway County, held at the Washington High School auditorium. Mrs. Grace Bean, Misses Margaret Davison, Hazel Moore, Hermoine Hayes, Maye Sturm, Eulalie Kysar, Gladys Keever and Russell Lewis were in charge of these demonstrations.

Prosecuting Attorney Dr. O. L. Curl, who led the devotional exercises at the morning meeting, gave the main address of the session. Doctor Curl took for his text, "The House Founded on a Rock Shall Stand," illustrating his idea by the oak trees that have a strong foundation and maple trees with shallow roots as related to the teaching of youths. The teachers have a chance to found strong principles and dig down deep in their minds with ideas that are lasting. In other words, it is much easier to instruct the young, elastic mind, than it is to drill some principles into an older person. He said that there are three kinds of life: superficial, digging a little and digging deep. The latter is the one which the teachers should follow in drilling and instructing their pupils.

The Morning Session.

Miss Mary Sawyer and Miss Mary Hansell were unable to be present to deliver their talks. The other following talks were given during the morning program:

A discussion, "How to Use the State Course of Study," Hester DeNeen; "Changes in the Classification of Rural Schools," Edward Turner; "Milk Testing Project," Misses Helen Davison, Hazel Hilsenbeck and Iva Gilespie; "Live Stock Survey," Miss Maye Sturm, and "The New Supplementary Reading Course," by Miss Gladys Keever.

The afternoon session was divided into two sections, the high school teachers and the grade teachers having their individual program. Leslie G. Somerville, superintendent of Nodaway County schools, had charge of grade teachers' program and Superintendent Hubert Garrett was chairman of the high school teachers' session.

Miss Franklin Speaks.

Miss Franklin of Kansas City gave a splendid talk to the grade teachers on arithmetic. She said that the teachers should insist that their pupils use correct mathematical expressions, such as "one hundred forty-six," and not "one hundred and forty-six." The grade program was completed with the following talks:

"Chicken Culling and Discussion of Poultry," by the Misses Myrle Lyle and Eulalie Kysar; practical measurement of wagon box and corn crib by Paul Smith; Misses Gertrude Walter and Iola Devers also talked on measurements of the granary and the hay stack; demonstrations of botany specimens, how to catch and mount bugs, was given by Miss Faye Williams and Mrs. Margie Morris. A meeting of the extension classes concluded the session.

Before the high school teachers, J. N. Geyer gave a talk on "The Course in Citizenship," Ed Adams spoke on the "Management of Extra Curriculum," Miss Laura B. Hawkins, J. N. Broadbent, O. E. Jones and S. C. Richeson were also on the program.

The two-day session has been a success from the standpoint of the teachers, as they were able to hear many talks and see demonstrations that will help them in their school duties this year.

Miss King to Nebraska University.

Miss Alsamene King, daughter of Mr. and Mrs. F. S. King, will leave September 15 to enter the University of Nebraska at Lincoln. Miss King was graduated last June from Penn Hall at Chambersburg, Pa. En route to Lincoln, Miss King will spend several days in Omaha as the guest of Miss Virginia Worst.

Miss Mayme Grems is expected home tomorrow from Omaha, where she has been visiting at the home of her aunt, Mrs. Cleav Funk, and family for three weeks.

4 Year Old Girl Was Hit by Car Yesterday

Elanor Wallace Injured by Car Driven by H. J. Kelly—Right Leg and Back Bruised.

Elanor Wallace, the 4-year-old daughter of Mr. and Mrs. Haigwood of Shawnee, Okla., was ran over by a car at 6 o'clock yesterday evening. The car was driven by H. J. Kelley, of South Depot street. Mr. Kelly was just leaving the Thompson Bakery going east toward his home when the little girl jumped in front of the car.

Mr. Kelly took the girl immediately to Dr. Will Wallis and had her injuries treated. Her right leg was badly bruised and her back sprained. The injuries are not dangerous.

INFANTRY COMPANY ORDERED TO TULSA

SENT FROM MUSKOGEE — MARTIAL LAW IS EXTENDED

WALTON WANTS DETAILS

Reports of "Whipping Parties" Pour Into the Governor's Office from Over the State

Oklahoma City, Aug. 31—A company of infantry from Muskogee has been ordered to Tulsa today from Wagoner County in connection with martial law.

Oklahoma City, Aug. 31—John Russel, sheriff of Okmulgee County, wired Governor Walton today that he had not heard of the whipping of O. White Okmulgee County farmer, by a mob.

He started an investigation to determine whether or not, White had been assualted, and whether or not one of his deputies was present at the whipping.

Oklahoma City, Aug. 31.—Possibilities of further extension of martial law in Oklahoma as a result of several new "whipping parties" is evident today as additional depradations have been reported from five counties.

Messages have been sent to officers of Okmulgee, Washington, McCurtain and Wagoner counties demanding details of alleged floggings. Governor Walton has asked the officers, "what have you done in this matter and what do you propose to do?"

Aldrich Blake, the governor's secretary, declared reports of whippings had been pouring into the governor's office from various sections of the state.

A "whipping party" severely beat O. White, negro farmer of Okmulgee County and left him badly mutilated with the apology that the wrong man had been assaulted.

Abandon All Hope of Averting Coal Strike

Behind Closed Doors, Governor Pinchot Receives Replies of Both Factions—Miners Reject

Scranton, Pa., Aug. 31. — Work in anthracite mines ceased at 4 o'clock this afternoon, Eastern time, in this region.

Day workers went to their homes, and the night workers refused to enter the mines.

The mine workers quit, although no official orders to do so had been received here.

Streams of workers poured from the mines as the whistles blew.

Harrisburg, Pa., Aug. 31.—Shortly after the meeting, the publicity department of the operators' committee issued a statement setting forth the owners' views. Like the miners, the operators made a "qualification rejection" of the Pinchot plan.(On one point, that of wages, the operators were definite. "We still are of the opinion that no general increase of wages to the mine workers at this time is justifiable," the operators said.

As a result, the mines in the bituminous fields will close at midnight tonight.

Though the Pinchot program was rejected, the way has been paved to the reopening of negotiations. It is thought that the Pinchot plan will be the ground on which eventual settlement will be made.

Harrisburg, Pa., Aug. 31—All hope of preventing the anthracite coal strike has been abandoned.

Behind closed doors, Governor Pinchot received the reply of the miners and the opertors to the peace plan submitted to them last Wednesday.

The miners rejected the proposal, it was learned.

GREEKS MAKE CALL UPON THE LEAGUE

ITALIAN FORCES OCCUPY CORFU IN THE ADRIATIC

WILL MAKE RESISTANCE

Greek Newspapers are Urging the Government to Appeal to the League of Nations

London, Aug. 31—Greece has appealed to the League of Nations following the Italian refusal to the Greek reply to the Italian ultimatum. It is reported that the Italian minister presented a note to the Athens government.

London, Aug. 31—Italian forces have occupied Corfu in the Adriatic, which is Greek territory, according to reports received here this afternoon.

London, Aug. 31—Martial law was declared in Greece today, according to a Central News dispatch received here this afternoon.

London, Aug. 31—An unconfirmed report was received here at 6 o'clock this afternoon that Italy has begun to mobilize.

Premier Mussolini outlined the Italian plans to the cabinet, which approved them. General Diaz reported to the government.

London, Aug. 31.—Premier Mussolini of Italy will resist interference by the League of Nations in the dispute between Greece and Italy over the assassination of Italians, according to a Central News dispatch from Rome.

A Greek steamship which intended to sail from Brinoisi, Italy, for Greece today was not permitted to leave the harbor. An Italian ship was not permitted to touch Grecian shores.

(By International News).

Although no move has yet been made by either side, the menace of war still hovers over Southern Europe today as a result of the dispute between Italy and Greece. The chief fear now is for peace in the Balkans.

Anti-Greek disorders were reported from Italy and anti-Italian demonstrations from former Austrian territory, Jugo-Slavia claimed after the World War.

The Italian government met at Rome and discussed the Greek reply to the Italian ultimatum, according to the semi-official Italian newspaper, Messaggero. The Greek note was not acceptable, the paper said.

Greek newspapers are urging the Athens government to appeal to the League of Nations immediately. A press report from Athens said that Greece would demand satisfaction for the burning of the Greek flag by the Fascisti in Triest.

There was an unconfirmed report that Italian warships had sailed for Corfu.

England is doing everything possible to avert hostilities.

U. S. Has Recognized Obregon Government

Announcement of Resumption of Relations Between Two Governments Made at State Department.

Washington, Aug. 31.—The United States has recognized, officially, the Obregon government of Mexico. Announcement of the resumption of the relations between the two governments was made at the state department today.

Washington, Aug. 31—The formal announcement was made by William Phipps, acting Secretary of State, in these words:

"The United States and Mexico in view of reports on record that the respective commissions of the two Governments submitted as a result of the United States, Mexico conference at Mexico City, have resolved to renew diplomatic relations and pending the appointment of ambassadors, they are taking the necessary steps to have the governmental business handled by the charge de affairs of the two countries, until ambassadors are named by Presidents Coolidge and Obregon.

"The United States will be represented by George T. Summerlin, and Mexico by Manuel C. Telles."

THE WEATHER

Partly cloudy tonight and Saturday probably local thundershowers, except fair Saturday in the west portion; not much change in temperature.

MR. COOLIDGE AND THE DRY LAW

Along with the announcement that President Coolidge would carry out the Harding policies, there has been considerable misapprehension as to his attitude toward the Federal prohibition law. The hardest fight in Congress against the submission of the prohibition amendment and the enforcement acts came from Boston in the President's own state.

Mr. Coolidge's attitude on law enforcement however is firm and offers little encouragement to those who would nullify or override any of the fundamental laws of the land. While he was governor of Massachusetts, the legislature passed a bill to make 2.75 per cent beer legal. Mr. Coolidge vetoed the bill and accompanied it with a message that attracted nation wide attention. Among other things, he said:

"The authority of the law is questioned in these days all too much. The binding obligation of obedience against personal desire is denied in many quarters. If these doctrines prevail all organized government, all liberty, all security are at an end. Force alone will previal. Can those entrusted with the gravest authority set any example save that of the sternest obedience to law? Can Massachusetts afford to take any position which may turn out to be, which can anywhere be interpreted to be an act of nullification?"

AUGUST THE NEGLECTED MONTH

What is the matter with August? It is the only long mid-summer period of hot days, few showers and no holidays. There is not even a suggestion of a national celebration between Independence day and labor day.

August was not always the forgotten month of the year. In early times the name was unknown. When the year was divided into ten months by the Romans the period of heat and humidity marked by dry rivers, lakes and creeks was called Sextilis. History says it was Caesar who changed the seasons and gave us the month of Augustus, now shortened to August.

Why not consult the goddesses, Ceres, Pomona and Flora, and get a proclamation naming some day in August for a national festival, in commemoration of the cereals, fruits and flowers? Or why not get some fabled mermaid-nymph to set apart a day for national aquatic sports and liven up the month of August? There are enough days to spare, the time between light and darkness is long and the danger in outdoor revelries is not so great as in some other seasons. August days and vacation-time are too bright to be passed in the hum-drum of everyday existence and besides think how we need more holidays.

SUNSHINE THE HEALTH AND CHARACTER BUILDER.

The Boy Scouts, Camp Fire girls and other exponents of the out-of-doors are enjoying benefits of life in the open. They see the things of the world in a new light and understand nature better. They meet friends in the same cause, swap stories and form congenial companionships. Every student of the big outdoors gets new object lessons, makes new resolves and forms new links of character with the day of sunshine.

Sunshine is the test of summer time. It ripens the grain and fruit and gives strength to the camper. All nature has a smiling face when the sun causes the plants to grow, the flowers to open and the fruits to mature. Sunshine induces youth to get out, amid the fields and forests, drink in the pure air and enjoy the healthfulness of exercise in the open.

There are profits in sunshine that one does not always reckon on when planning an outing in the open. It creates beauty and attractiveness and thereby adds to efficiency and usefulness. It helps in fitting one for future work and inculcates a desire for keeping young in order to continue enjoying the playfields of youth. Yes, there are countless benefits to be derived from mingling with the all-outdoors. The sun paints smiles on the cheeks of humanity in unerasible lines.

James Cole of Kansas City, a famous setter breecher, resents the suggestion that Missouri is a "Houn Dog State." He says: "Missouri initiated the Gladstone family of setters and the Rij Rap family of pointers, the foundation stock in bird dogs. Missouri has the finest Walker foxhounds, Airedales and bloodhounds in the world. Maine's Sport, a famous Missouri setter, won prizes on the field and bench and his blood is prized by setter breeders. Missouri has no rival save Tennessee in pure blooded dog aristocrats."

Savings deposits in the banks of the United States June 30 this year totaled $17,300,000 as against $16,620,000,000 on the same date last year, a gain of $680,000,000 or 4.1 per cent. The average balance in all savings, state and national banks and trust companies is around $500. The savings aggregate the highest amount ever known, so the country is not bankrupt yet by a long ways.

Former secretary of the treasury, William G. McAdoo, one of the most likely candidates for the democratic presidential nomination, believes that the campaign of 1924 will turn largely upon the acceptance by the people of the extreme protectionist doctrine as exemplified in the Fordney-McCumber law. Mr. McAdoo says that the new tariff is largely responsible for the tremendous rise in the prices of manufactured products, which aid materially in making the farm problem so difficult. And he is right. He further declares that he does not believe that the Republican party can escape the wrath of the voters when they come to pass upon the tariff question. The fate of Governor Preus of Minnesota recently who made a heroic effort to defend and apologize for the law, is well known.

Miss Coler Leaves.

Miss Edith Coler, who has been visiting her sister, Mrs. Blaine Archer, left today for her home in Helena, Mo., After a short visit there with her parents, Mr. and Mrs. I. A. Coler, she will leave for Victor, Mont., where she will teach the ensuing year.

Mrs. Ethelyn Freeman returned to her home in St. Joseph yesterday after a few days' visit at the home of Dr. and Mrs. C. C. James. Melvin Davis and Lynn Freeman of Trenton are guests at the James home.

Bridge Railings are Being Constructed

J. E. James, state highway engineer, and his road workers are unoccupied today on account of the rain. Yesterday the work of constructing railings on some bridges east of Ravenwood. The lumber was furnished by the Jackson township board. The bridges were dangerous as they were narrow and low so that they could not be easily seen. Several accidents have happened on account of the dangerous condition of these bridges.

Ravenwood appropriated money for filling in the low places on each side of the railroad track at the edge of town. About fifty yards of grading is being done on both sides of the tracks.

Return From Motor Trip of 2,300 Miles

Mr. and Mrs. Ellis Cook and the latter's sister, Mrs. Arletta Holt of Savannah, returned last night from a two months' motor trip. They visited Lake Minnetonka, Mineapolis, Duluth and several lakes in northern Minnesota. City Water Tested Free From Bacteria

Well Water From Pump in Front of Drug Store Unfit for Consumption.

The Maryville city water was pronounced as safe for consumption by tests recently made by the University of Missouri. Two samples of the city water were sent to the preventive of medicine department of the University. One was taken from the tap at the water pipes uptown. This was reported as containing slight fermentations but entirely safe for use.

The other test of city water was made from water coming from the pipes at the pump station. This was very pure, containing no form of fermentation or bacteria.

Two other samples of water were sent in by Dr. C. P. Fryer, the county health officer. One was taken from the pump in front of the Maryville Drug Store at the corner of Fourth and Main. This water showed positive identification of intestinal bacteria and also fermentation of sugar which makes the water dangerous and unsafe. Mayor W. O. Garrett announced this afternoon that he was going to remove the pump handle from the well and prohibit any use of the water for drinking purposes.

A test of J. C. Davis' well was also reported to contain an excessive amount of fermentation of sugar and was condemned as unfit for consumption.

The best preventive from drinking unsafe water is to use the water coming from the city water taps. This is tested frequently and is always treated against all contaminations.

To have a beautiful home is the ambition of every man or woman who has the least home-making instinct.

That does not mean that the home has to be a mansion or a house for even a small apartment may be beautiful and homey.

We're just as careful when choosing furniture for the small modest home as we are when we choose furniture for the bigger home. It is all good furniture artistic and comfortable—the kind that is a prized possession.

Thousands of Letters

LITERALLY thousands of letters recommending the use of S. S. S.—the great blood purifier and system builder—all telling how S. S. S. restores the state of well being by creating red blood cells are received daily by the manufacturers of S. S. S.

What S. S. S. has done for others it will do for you. Is your vitality sapped—your courage gone—your health undermined—your brain musty—the old time fighting spirit missing? Do you want to get back to the days of "once before"—the days when you were young and strong—healthy and buoyant—when your brain was active and your spirit afire with ambition?

S. S. S. is the surest and safest way to restore health, energy and vitality. Since 1826, S. S. S. has been bringing back clear, sparkling eyes—radiant expressions of well-being—building up nerve power—sending red blood coursing through the system—building red blood cells. Your nerve power is born in the blood cell. Increase your red blood cells and watch yourself improve.

S. S. S. makes stronger and healthier bodies—bodies free from impurities—free from rheumatism—free from skin eruptions—eczema, blackheads, pimples and boils. Any leading drug store will supply you and, for economy, get a large size bottle.

The faculty this year is as follows: O. E. Jones, Superintendent, Albany, Mo., John Querry, Principal, McFall, Mo., Miss Mary Scanland, Montgomery City; Miss Pauline Davis, Fayette, and Miss Maude Kibby, Grant City, high school.

D. O. Carter, Moberly and Mrs. Bess Whitney, Hopkins, junior high school. Miss Viva Graves, Burlington Junction; Miss Blanche Nichol, Jamesport; Miss Myrl Mannering, Albany and Mrs. Bessie Killam, Hopkins, grade teachers.

D. O. Carter will have charge of the boys athletics and Miss Davis for the girls. Miss Davis will also have charge of the music.

The tuition is the same as last year—$5 per month in the high school; $4.50 in the junior high and $4 in the grades.

The school building has been improved considerably during the summer—three new steel ceilings, basement plastered, new fire escape added, some work on the gymnasium, etc. Everything indicates a prosperous school year. It is believed the faculty will meet every requirement and if the teachers are given the support and co-operation of the patrons, there is no reason why a successful year cannot be looked forward to. The public school is among the chief assets of Hopkins, attracting many people here who want to give their children the benefit of such a school.

Schools in Graham, Wilcox, Elmo, Conception, Quitman and Guilford will also open Monday and preparations are being made in all of these towns to get the buildings and grounds in shape by Monday.

Doctor Fryar and Family are Home

Dr. and Mrs. C. P. Fryer, and daughter, Mildred, returned last evening from Bradfordville, Ky., where they have been visiting at the home of Mrs. Fryer's parents, Mr. and Mrs. J. H. Aviritt. Mrs. Fryer and Mildred have been in Bradfordville for the last six weeks, while the Doctor went down about two weeks ago.

Doctor Fryer and family made the trip by auto, returning in three and one-half days. The Doctor said he found the roads in Indiana, Illinois and Kentucky in exceedingly good shape and the roads in Kentucky well marked. About the highways in Missouri he was not enthusiastic, saying that the best piece of road he found was near Hannibal.

Tourists are traveling by the hundreds and he said, "I don't know who stays at home and works." As the Doctor has charge of the sanitary conditions of the schools in Nodaway he made particular notice of those in the states on his journey. The schools in the towns he said were good but the rural schools in these states do not even compare with those in Nodaway County and he thinks that rural school conditions in this county are far ahead of any he saw on his trip.

Good Attendance at World's Circus

World Bros. circus pulled its stakes soon after last evening's performance and left for Mound City, where it shows today. From there they go back into Nebraska, making some of the larger towns. The performances yesterday, both afternoon and evening, were marked by high attendance.

One of the showmen said that they would be on the road for about a month and a half longer and then would go into winter quarters in Iowa. As usual, the elephants were the biggest attraction at the show. The oldest one of the five mammoth animals is 135 years old. The keeper said she was good for 200 years more. The sideshow of World Bros. was a rather expensive proposition, the onlookers being requested to throw in small coins after admission had been paid to get in.

Gust Karras, the circus wrestler met Mervin Barackman, the local legion wrestler, in a fifteen minute match last night. The two men were fighting all the time and it would have proved an interesting match had not time been called.

After the match Karras was very indignant and grew chesty in his speech. He said he would like to meet Barackman in a hour match and would forfeit all the money if he did not throw him in that time.

Letter Tells of Parking Experiences

Coffeyville, Kan., Changes From Side Parking to Center After Both Plans Had Been Tried.

C. W. Yehle has just received a letter from J. P. Raymond, manager of the Wells Bros. Commercial Co., of Coffeyville, Kan., regarding the discussion here over the parking proposition. Mr. Raymond tells of the experiences at Coffeyville. They had side parking there until recently when the city commissioners passed an ordinance providing for the re-establishment of the old plan of center parking.

The letter is as follows:

I notice in the Maryville paper that a change in parking is under advisement. In view of the experience we have gone through in the past month I think it is fitting that I should advise that you have your city commissioners weigh very carefully any changes that might be made in the parking ordinance.

Until recently we have had diagonal parking with the curb. Our city commissioners passed an ordinance calling for parallel parking on a few streets. This has been tried and has proven to have had a bad effect on business, especially to drive out-of-town trade to other places. I am glad to advise that the commissioners, after considering a protest presented by several business men of Coffeyville, today desired to revoke the ordinance and revert back to the old plan.

I am writing this at this time so that you can be sure that nothing will be passed by ambitious or ill advised politicians which will make parking more difficult. I firmly believe the easier the parking the better business will be in Maryville.

Kindly take this for what it is worth.
